

VDD Login

We are Pleased be informed that the login page of our platform has been updated to enhance security and user experience.

As part of this update, an OTP (One-Time Password) will now be triggered after you enter your login credentials on VDD. This additional verification step ensures better protection of your account and data.

The screenshot shows the VDD Login page with the Vestas logo and tagline "Wind. It means the world to us." at the top. The main content area on the left describes the VDD system and provides contact information for questions and production documentation management. On the right, there is a "Login" section with a "User Name" field containing "abmtr@vestas.com", a "Password" field with masked characters, a "Remember me next time" checkbox, and a "Log In" button. Below the login fields is a "Login information:" section with links for "Need login information?", "Forgot password?", and "Please contact vvsyddhelpline@vestas.com".

The screenshot shows the VDD Login page after the update. The layout is identical to the previous version, but the "Login" section on the right now includes an "Enter OTP sent to your email:" field with the value "980404". Below this field are two buttons: "Verify OTP" (highlighted in red) and "Resend OTP". A message below the buttons states "You can request OTP in 20s". The "Login information:" section remains the same, providing links for "Need login information?", "Forgot password?", and "Please contact vvsyddhelpline@vestas.com".

For any issue's related to VDD we recommend you to share a mail to vwsvddhelpline@vestas.com

To proceed with a new user access request to the database, please ensure the following details are included:

- User's Email Address.
- Vestas registered Vendor Code.

We appreciate your cooperation and understanding. If you encounter any issues or have questions, please reach out to the support team.
